EXPERIENCE

DashRD — *Web Developer*

NOVEMBER 2023 - APRIL 2024

Working in a developers team, building software products for clients.

Upwork, Freelancer — *Web Developer*

FEBRUARY 2022 - JULY 2022

See more about this experience [here](#).

EDUCATION

Universidad Nacional del Nordeste, Corrientes, Argentina — *Information Systems Bachelor Degree*

2022 - 2026 (expected)

Escuela Normal Dr. Juan Pujol, Corrientes, Argentina — *Bachelor of Natural Sciences*

2015 - 2020

PROJECTS - See all [here](#)

Microblogging Network — *React, NestJs, GraphQL, PostgreSQL*

This application is a social network oriented to microblogging. Everyone can make posts and comment posts of other users. A comment works exactly like the parent post does, so we can have infinitely nested posts.

See more about "Microblogging Network" [here](#).

Wazaa — *React, Socket.io*

Wazaa is a socket based chat application where you can set your username and join or create rooms to chat with other users.

See more about "Wazaa" [here](#).

Users Manager — *React, Express, MongoDB*

You can create, get, edit and delete users. See more [here](#).

SKILLS

Assertive communication.

Objectivity in the face of misunderstandings.

Self-acceptance capacity.

Good performance for interpersonal relationships.

Pleasure in learning things by going deeper and questioning, in an investigative way.

Ability to broadly imagine future scenarios to predict possible problems or needs.

CERTIFICATIONS

React Expert by Nicolas Schurmann on Udemy. See [here](#).

JavaScript Expert by Global Mentoring on Udemy. See [here](#).

LANGUAGES

Native Spanish and advanced English.
